Thank you Tap for posting this. I am delighted to see Vernon Coleman is still going strong. He is one the few medical commentators who saw through the covid vaccine propaganda from the start. He has been vindicated, and the suppression of his videos and website is a scandal.

Vernon nails it, thanks sov

It's a succinct reminder of the evil that we faced. And quite a catalogue detailing the elements of Vernon's personal cancelling too. With good advice to all parents about childhood vaccinations towards the end

Indeed.

We still face the evil at the root of it.
